DETAILED ACTION

Allowable Subject Matter

Claims 4-23 are allowed.

The following is an examiner's statement of reasons for allowance:

As to claim 4, the closest prior art of record (Kyle US6460902) fails to disclose or suggest every element of the claimed load floor latch, specifically the actuation assembly having the claimed leg actuation element structure recited in the final paragraph of claim 4. Claims 5-15 depend from claim 4 and are likewise allowable. Claims 16-23 were previously withdrawn due to a restriction requirement, but are now reinstated and allowable because they depend from allowable generic claim 4.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
